4.M. L. 29 Dec. 32.

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

**T**HE Catalogue of Copyright Entries is published in four parts. Part 4, issued quarterly, is arranged in two alphabets of proprietors, as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art). In this class a subalphabet of titles is used when the copyright proprietor and artist are the same, this identity being indicated by the use of an asterisk (\*) after the name of the proprietor. A subalphabet of artists is used when the proprietor and artists are different.

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs (except Motion pictures); and Class K, Prints and pictorial illustrations. In these classes a subalphabet of titles only is used.

Titles for Class L, Motion-picture photoplays, and Class M, Motion pictures other than photoplays, have been transferred to Part 1, Group 3, of the Catalogue because of their similarity to Class D, Dramatic compositions, and are published monthly therein as a title list.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by a date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c." for 2 copies, followed by the date of their receipt. In the case of foreign works and pictorial contributions to periodicals, only 1 copy is required.

The annual index of proprietors, portraits, and principal artists is furnished for this part in the final issue for the year. The subscription price for part 4, which must be for the complete calendar year, is \$2.00 a year, payable in advance to the Superintendent of Documents, by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalogue are now as follows:

Part 1, Group 1, Books proper	\$3.00
Part 1, Group 2, Pamphlets, Contributions to Newspapers or Periodicals, Lectures, and Maps	3.00

GOVERNMENT PRINTING OFFICE  
WASHINGTON : 1931

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

**T**HE Catalogue of Copyright Entries is published in four parts. Part 4, issued quarterly, is arranged in two alphabets of proprietors, as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art). In this class a subalphabet of titles is used when the copyright proprietor and artist are the same, this identity being indicated by the use of an asterisk (\*) after the name of the proprietor. A subalphabet of artists is used when the proprietor and artists are different.

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs (except Motion pictures); and Class K, Prints and pictorial illustrations. In these classes a subalphabet of titles only is used.

Titles for Class L, Motion-picture photoplays, and Class M, Motion pictures other than photoplays, have been transferred to Part 1, Group 3, of the Catalogue because of their similarity to Class D, Dramatic compositions, and are published monthly therein as a title list.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by a date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c." for 2 copies, followed by the date of their receipt. In the case of foreign works and pictorial contributions to periodicals, only 1 copy is required.

The annual index of proprietors, portraits, and principal artists is furnished for this part in the final issue for the year. The subscription price for part 4, which must be for the complete calendar year, is \$2.00 a year, payable in advance to the Superintendent of Documents, by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalogue are now as follows:

Part 1, Group 1, Books proper	\$3.00

GOVERNMENT PRINTING OFFICE  
WASHINGTON : 1931

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

**T**HE Catalogue of Copyright Entries is published in four parts. Part 4, issued quarterly, is arranged in two alphabets of proprietors, as follows:

**I.** Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art). In this class a subalphabet of titles is used when the copyright proprietor and artist are the same, this identity being indicated by the use of an asterisk (\*) after the name of the proprietor. A subalphabet of artists is used when the proprietor and artists are different.

**II.** Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs (except Motion pictures); and Class K, Prints and pictorial illustrations. In these classes a subalphabet of titles only is used.

Titles for Class L, Motion-picture photoplays, and Class M, Motion pictures other than photoplays, have been transferred to Part 1, Group 3, of the Catalogue because of their similarity to Class D, Dramatic compositions, and are published monthly therein as a title list.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by a date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c." for 2 copies, followed by the date of their receipt. In the case of foreign works and pictorial contributions to periodicals, only 1 copy is required.

The annual index of proprietors, portraits, and principal artists is furnished for this part in the final issue for the year. The subscription price for part 4, which must be for the complete calendar year, is \$2.00 a year, payable in advance to the Superintendent of Documents, by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalogue are now as follows:

GOVERNMENT PRINTING OFFICE  
WASHINGTON : 1932

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

**T**HE Catalogue of Copyright Entries is published in four parts. Part 4, issued quarterly, is arranged in two alphabets of proprietors, as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art). In this class a subalphabet of titles is used when the copyright proprietor and artist are the same, this identity being indicated by the use of an asterisk (\*) after the name of the proprietor. A subalphabet of artists is used when the proprietor and artists are different.

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs (except Motion pictures); and Class K, Prints and pictorial illustrations. In these classes a subalphabet of titles only is used.

Titles for Class L, Motion-picture photoplays, and Class M, Motion pictures other than photoplays, have been transferred to Part 1, Group 3, of the Catalogue because of their similarity to Class D, Dramatic compositions, and are published monthly therein as a title list.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by a date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c." for 2 copies, followed by the date of their receipt. In the case of foreign works and pictorial contributions to periodicals, only 1 copy is required.

The annual index of proprietors, portraits, and principal artists is furnished for this part in the final issue for the year. The subscription price for part 4, which must be for the complete calendar year, is \$2.00 a year, payable in advance to the Superintendent of Documents, by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalogue are now as follows:

Part 1, Group 1, Books proper.....	\$3.00
